

# AD Itemizer

## The Professional, Affordable, Web Site Solution

An Asgard Development Technology for the Joomla! Content Management System

Reseller: Jason J. Sams Computer Services

## **The AD Itemizer System**

Our itemizer packages give you the ability to update your website in real time. These packages are developed to give you access to common features without the cost of a full featured, custom developed website. With our Itemizer you will be able to add and update the following items:

- News
- Events
- Stories
- Links
- Products
- Services
- About/History information
- Guest Books
- Story Submissions
- Location pages
- Photo Galleries
- Link to external multimedia
- Contact Forms
- And more.

## **Why should you choose our Itemizer?**

- We have a growing library of custom professional designs.
- You will be able to fulfill all of the general needs of a professional, custom developed website at a fraction of the cost.
- Site development is extremely affordable.
- One on one relationships with our technicians.
- Free updates and bug fixes.
- The average cost of our custom developed websites are \$2000 or more. Many business's and personal users need basic website elements but at a more affordable price. The exact reason why we developed our Itemizer.

## **Who is this package for?**

- Businesses. Looking to expand your web presence and customer base. This system may be perfect for you. List your products, services, contact information and more.
- Brides and Grooms. Have your guests interact with the planning process, online registries, photo

The Affordable Technology Professionals

galleries, guest books and more.

- Memorials. Help loved one's through the grieving process by providing an online location for biographies, stories, guest books, charity and giving opportunities, and more.
- Graduations. Celebrate a loved one's graduation from school or college with a personalized website about there success including photo albums, stories, graduation party information and more.
- Baby Journals. Help keep loved one's in the loop by providing them online access to your child's growth. Post baby album's, stories, and more.
- Blogs. With our itemizer you have the ability to add unlimited number of stories and photos. Perfect for a personalized blog.
- Anything you can think of. If you can think it, then this solution will provide the basic needs for generating a web presence. Contact us and we will let you know if this is the best route to take or if there is another solution to fit your needs.

You will have the ability to add as many pages as you want without ever having to call a web developer or pay extra fees. Please take a look at the following chart for our affordable fees.

### **Pricing Structure**

\*\*If you already have a hosting package and domain name, you may be eligible for one of our plans labeled "without hosting." Otherwise, you will need to explore the options under the plans labeled "with hosting."

\* If you wish to have personal training we offer several packages with free training options and paid training for those without. On site training is only offered to those who fall within our distance restrictions. Otherwise, training is provided over the phone while using an online demonstration website. Call us today to see if you qualify for on site training.
